

CHARACTERIZATION FORM

Dear Participant,

The following questions will be used to characterize you in a study that investigates Architecture Decision Record (ADR) models.

Full Name: _____

Email: _____

1. Do you have any experience with software architecture outside the context of an academic course (e.g., R&D projects, industry, etc.)?

- A. I have no experience
- B. I have experience as a Developer but do not participate in architectural decisions of the project
- C. I have experience as a Developer with a backend focus and participate in decisions about the project architecture
- D. I have experience as a Full-Stack Developer with architectural responsibilities
- E. Other: _____

If you have experience in industry or R&D projects, how long is your experience with software development?

- A. Less than 1 year
- B. Between 1 and 2 years
- C. Between 2 and 3 years
- D. More than 3 years

Have you ever needed to participate in meetings or tasks that involved making decisions about the architecture of the project you worked on?

- A. No, I have never participated in architectural decision-making processes of the project
- B. Yes, I have participated in decision-making processes
- C. I am not sure whether I participated in architectural decision-making

If your previous answer was “yes,” please briefly describe how you documented these decisions and whether you used any model/standard/template:
